

Dear all,

We come to the end of a brilliant season. There were extraordinary matches and memorable moments across all the leagues and teams and for that Scottish Volleyball would like to thank every single player, coach, referee, volunteer, parent, fan and volleyball enthusiast. Without you, our sport would mean little to nothing.

Without a doubt, we did not want to finish the season so abruptly and we have taken advice from, **sportscotland**, the Scottish Government and various Governing Bodies and we have examined all the possible options to conclude the season in the fairest way possible, always keeping at the forefront of our mind the integrity of our sport.

The following competitions (Men and Women) were not concluded due to the COVID-19 pandemic restrictions:

- Premier League 2019/20
- League One 2019/20
- Scottish Cup 2019/20
- Scottish Plate 2019/20

SCOTTISH CUP/ PLATE (Men and Women)

Due to the impracticality of concluding both the Scottish Cup and Plate 2019/20 at a later stage, these two competitions have been declared **null and void**.

PREMIER LEAGUE (Men and Women)

Principles:

- Winners are awarded in both genders based on:
 - Standing points
 - Significant margin between the top team and the runner up.
- No relegation

WOMEN'S PREMIER LEAGUE WINNERS: Su Ragazzi with 33 points and 0 losses.

MEN'S PREMIER LEAGUE WINNERS: City of Edinburgh with 32 points and 0 losses.

LEAGUE ONE (Men and Women)

Principles:

Winners are awarded only in Women's League One based on

- Standing points
 - Significant margin between the top team and the runner up.
- No winners awarded in Men's League One:
 - There is no significant standing points margin amongst the top 3 teams
- Promotion of the top two teams

WOMEN'S LEAGUE ONE

WOMEN'S LEAGUE WINNERS: Edinburgh Jets with 35 point and 0 losses.

- The following teams will duly be promoted to Premier League
 - **Edinburgh Jets**
 - **Glasgow International**

MEN'S LEAGUE ONE

League Table	Position	Team	Played	Wins	Losses	3-0	3-1	3-2	2-3	1-3	0-3	SW	SL	SR	PW	PL	PR	RP
Current Standings	1	Forza Ragazzi	13	10	3	9	1	0	1	0	2	32	10	0.76	989	795	0.5540	31
	2	Dundee	12	10	2	7	2	1	0	2	0	32	10	0.76	1003	807	0.5540	29
	3	University of Edinburgh	11	9	2	4	5	0	1	1	0	30	11	0.73	990	851	0.5380	28
	4	VA Kamikaze	13	8	5	5	3	0	2	1	2	29	18	0.62	1060	1009	0.5120	26

Given the [current standings](#), it is not possible to declare a champion because the margin is not clear enough and because the teams have not played the same amount of games.

The following teams will be duly promoted to Premier League

- **Dundee**
- **University of Edinburgh**

Forza Ragazzi is, as per standing points, ranked first; however, University of Edinburgh and Dundee have only played respectively only 12 and 11 matches and not 13. University of Edinburgh and Dundee are being promoted to the Premier League based on their higher winning ratio:

- **Dundee**
 - 12 matches, 10 wins and 2 losses
 - Winning ratio **83%**
- **University of Edinburgh**
 - 11 matches, 9 wins, 2 losses
 - Winning ratio **82%**
- **Forza Ragazzi:**
 - 13 matches, 10 wins and 3 losses
 - Winning ratio **77%**

If we were to declare the end of the season to when the top 3 teams of the league had played 11 matches each, the ranking would be:

- Dundee with 29 points
- University of Edinburgh with 28 points
- Forza Ragazzi with 25 points

Therefore, University of Edinburgh, by being in second position in the league, would still be promoted together with Dundee.
